

# **“Dances for an Expanding Universe”**

**Extended Version K - 8**

**with  
Harlan Brownlee**

[www.ArtsInEducation.net](http://www.ArtsInEducation.net)

*“Watch the stars, and from them learn. To the Master's honor all must  
turn, each in its track, without a sound, forever tracing  
Newton's ground.” - Albert Einstein*

**The Kennedy Center**

## Table of Contents

<b>Introduction</b> .....	<b>2</b>
<b>Purpose of the Workshop</b> .....	<b>2-4</b>
Workshop Objectives.....	2
Enduring Understandings/Essential Questions.....	2
The Kennedy Center’s Definition of Arts Integration.....	3
Rationale for the Workshop.....	4
Overview of Workshop and Instructional Materials Packet.....	4
<b>Learning Activities: Grades K - 4</b> .....	<b>5-28</b>
A. The Stop & Go Structured Improvisation - Activity #1.....	5
Description of Learning Activity.....	5
Dance Standards.....	5
Common Core State Standards.....	5
Teacher Reflection.....	8
Learning Activities: Grades 5 – 8.....	9
B. Newton’s Laws of Motion / The Gravity Dance Improvisation - Activity #2.....	9
Description of Learning Activity.....	9
Science and Dance Standards.....	9
Common Core State Standards.....	9
Teacher Reflection.....	20
C. Our Solar System / Theme and Variation - Activity #3.....	21
Description of Learning Activity.....	21
Science and Dance Standards.....	21
Common Core State Standards.....	21
Teacher Reflection.....	28
<b>Closure</b> .....	<b>29</b>
A. Summary of Workshop.....	29
B. Evaluations.....	29
<b>Supplementary Materials and References</b> .....	<b>30-52</b>
Arts Integration Online.....	30
Classroom Management Strategies.....	31
Bibliography.....	32
Discography.....	32
Web Sites.....	33
Four Outcomes between Inertia & Gravity.....	34
Decision Tree/Outcomes.....	36
Planet Factoid Handout +.....	37
Planet Photographs.....	38
The Stop & Go Structured Improvisation - Summary Sheet.....	46
The Gravity Dance Improvisation – Summary Sheet.....	47
Our Solar System / Theme and Variation – Summary Sheet.....	48
The Elements of Dance and Movement.....	49
Astronomy Glossary*.....	50
